

## index to volume 27, 1969

### AUTHOR AND SUBJECT INDEX

#### A

- Abnormal eosinophils, eosinophilia and basophilia in methimazole neutropenia. John T. Connell. 595
- Activities of dehydrogenases and acetylcholinesterase in sheep kidney homogenate, The effects of histamine and pheniramine maleate on the. K. V. Kesava Rao and Karumuri S. Swami. 429
- Advanced human lymphocyte response to coccidioidin in vitro following skin test. Janet B. Kelley, A. B. Stanfield, C. Dean Dukes and James L. Parsons. 265
- Adverse effects of adrenergic aerosols in bronchial asthma, The. William Sawyer Eisenstadt and S. Scott Nicholas. 283
- Aerosols in bronchial asthma, The adverse effect of adrenergic. William Sawyer Eisenstadt and S. Scott Nicholas. 283
- Aerosol therapy in asthma, Complications of. Irvin Caplin and John T. Haynes. 65
- Airborne pollen, Comparison of the roto-slide and Durham Samplers in a survey of. Janet V. Hayes. 575
- Airway resistance in asthmatic children, Relative sensitivity of methods for measuring. Tzong-Ruey Weng, Elizabeth A. Featherby (London), John Goold and Henry Levison. 565
- Al-George, S., and V. Popa: Nasal provocation tests in allergic perennial rhinitis: a preliminary study. 45
- Allergic children, Use of erythromycin ethyl succinate in. Lloyd V. Crawford and Jack Roane. 18
- Allergic disease, The Relationship of complement to. Michael M. Frank. 490
- Allergic patient, The treatment of anxiety and depression in the. Maury D. Sanger. 506
- Allergic perennial rhinitis: a preliminary study, Nasal provocation tests in. V. Popa and S. Al-George. 45
- Allergic rhinitis, Dexamethasone acetate suspension in the treatment of. William E. Hermance, Anthony Gerardi, Charles J. Popovits and Earl B. Brown. 617
- Allergic rhinitis, Immunologic concepts of. William D. McKee. 150
- Allergic rhinitis, Nasal obstruction in. Allen H. Sherman. 417
- Allergy—a problem illness. Bela Schick Memorial Lecture. Howard G. Rapaport. 255
- Allergy Abstracts from Around the World. 43, 92, 145, 198, 253, 357, 476, 531, 592, 633
- Allergy, Capabilities and limitations of major drug groups in: their role within current theories. Milton M. Hartman. 164
- Allergy, Injectable steroids in. William C. Grater and Earl B. Brown. 321
- An allergist's view of Ceylon. Franklyn M. Newmark. 373
- Anaphylaxis due to electrolytic lesion of the tuberal region of the hypothalamus, Role of the thyroid hormone system in suppression of. G. Filipp and B. Mess. 500
- Antiarthritic substance, Controlled study of a new. T. Reed Maxson and Edgar L. Compton. 54

# INDEX TO VOLUME 27

- Antigen and antigen antibody complex induced lymphocyte transformation, Immunological relevance of. Joost J. Oppenheim. 305
- Antigenic relationship of various house dust antigens. Aram S. Hanissian, Lloyd V. Crawford and Jourdan Roane. 571
- Antigens, Bullous skin test responses to bacterial. (case report) Walter B. Shelley and Richard R. Marples. 337
- Antigens, Elective anaphylactic and desensitizing capacity of one of a mixture of. A preliminary report. Oscar Swineford, Jr. and Alfonso Tinsley. 114
- Asthma, Complications of aerosol therapy in. Irvin Caplin and John T. Haynes. 65
- Asthma, Death from tension pneumothorax and chlorpromazine cardiorespiratory collapse as separate complications of. David A. Legge, James J. Tiede, Gustavus A. Peters and Stafford W. Gedge. 23
- Asthma, Epidemic: A subject open to research. Alfred J. Weil. 126
- Asthma, Heparin as treatment for bronchospasm of. E. J. Bardana, Jr., M. J. Edwards and B. Pirofsky. 108
- Asthma, Theophylline and potassium iodide in the treatment of chronic. Norman Epstein. 237
- Asthma with adrenocortical hypofunction, Bronchial. (case report) Richard A. Hadley. 121
- Asthmatic patients; Bronchodilator action of drug combinations in: Declozine, or-ciprenaline, and ephedrine. A Muittari, M. J. Mattila and J. Patiala. 274
- Asthmatic patients, Effects of theophylline-alcohol with potassium iodide in. Richard L. Etter, Richard H. Jackson and Warren J. Raymer. 70
- Asthmatic, Theodore Roosevelt, the. Victor L. Szanton. 485
- Atopic children in Turkey. Kemal Ozkaragoz and Ferdane Cakin. 13
- Autoimmune antibodies to human lung in bronchial asthma. Howard C. Leopold and Paul Leicht. 377

## B

- Barach, Alvan L.: Biology is destiny. 1
- Barach, Alvan L.: A room filter for the removal of dust, pollen, and air pollutants: preliminary report. 519.
- Bardana, E. J., Jr.; M. J. Edwards and B. Pirofsky: Heparin as treatment for bronchospasm of asthma. 108
- Barr, Solomon E.; Isaac Weizer and Halla Brown: Separate summary for serum proteins in allergic diseases. 533
- Basis of Sir William Osler's influence on medicine, The. Wilbert C. Davison. 366
- Basophilia in methimazole neutropenia, Abnormal eosinophils, eosinophilia and. John T. Connell. 595
- Bela Schick Memorial Lecture: Allergy—a problem illness. Howard G. Rapaport. 255
- Belinkoff, Stanton and Paul Chervinsky: Comparison of metaproterenol and isoproterenol aerosols: spirometric evaluation after two months therapy. 611
- Biology is Destiny. Alvan L. Barach. 1

- Comparative studies of patch testing. R. J. Rowe and C. M. Warnzenski. 117
- Comparison of bronkephrine and epinephrine in the treatment of acute asthmatic attacks in children. R. Michael Sly. 384
- Comparison of metaproterenol and isoproterenol aerosols: spirometric evaluation after two months' therapy. Paul Chervinsky, and Stanton Belinkoff. 611
- Comparison of the Rotoslide and Durham Samplers in a survey of airborne pollen. Janet V. Hayes. 575

# INDEX TO VOLUME 27

- Complications of aerosol therapy in asthma. Irvin Caplin and John T. Haynes. 65
- Composition of commercial oleomargarines. N. M. Kudelko. 622
- Compton, Edgar L. and T. Reed Maxson: Controlled study of a new antiarthritic substance. 54
- Connell, John T.: Abnormal eosinophils, eosinophilia and basophilia in methimazole neutropenia. 595
- Connell, John T. Effectiveness of topical nasal decongestants. 541
- Controlled study of a new antiarthritic substance, T. Reed Maxson and Edgar L. Compton. 54
- Crawford, Lloyd V.; Jourdan Roane and Aram S. Hanissian: Antigenic relationship of various house dust antigens. 571
- Crawford, Lloyd V. and Jack Roane: Use of erythromycin ethyl succinate in allergic children. 18

## D

- Davis, Dorland J.: The NIAID: its role and goal. 316
- Davison, Wilburt Cornell. John P. McGovern. 364
- Davison, Wilburt C. Basis of Sir William Osler's influence on medicine, The. 366
- Death from tension pneumothorax and chlorpromazine, cardiorespiratory collapse as separate complications of asthma. David A. Legge, James J. Tiede, Gustavus A. Peters and Stafford W. Gedge. 23
- Desensitization XII with type B plasma and serum proteins, Non-specific passive. Oscar Swineford, Jr. and A. L. Tinsley. 232
- Desensitization XIV with normal human type AB and A globulins, Non-specific passive. Oscar Swineford, Jr. and A. L. Tinsley. 328
- Desensitization XV with normal human types A, B, and AB globulins, Specific and non-specific passive. Oscar Swineford, Jr. and A. L. Tinsley. 332
- Dexamethasone acetate suspension in the treatment of allergic rhinitis. William E. Hermance; Anthony Gerardi; Charles J. Popovits and Earl B. Brown. 617
- Diagnosis and treatment of food allergy, Use of sublingual antigen in. (case report) David L. Morris. 289
- Dockhorn, Robert J.: Histamine release from the leukocytes of food-allergic individuals using whole food extract antigens. 409
- Domaradski, Maria and Joaquin C. Ventura: Pulmonary effects of nitrous dioxide on the hypertensive guinea pig. 100
- Drug combinations in asthmatic patients, Bronchodilator action of: Decloxizine, orciprenaline, and ephedrine. A. Muittari, M. J. Mattila, and J. Patiala. 274
- Drug groups in allergy, Capabilities and limitations of major: their role within current theories. Milton M. Hartman. 164
- Dukes, C. Dean; James L. Parsons; Janet B. Kelley and A. B. Stanfield: Advanced human lymphocyte response to coccidioidin in vitro following skin test. 265
- Durham Samplers in a survey of airborne pollen, Comparison of the Rotoslide and Janet V. Hayes. 575
- Dust, pollen and air pollutants: preliminary report, A room filter for the removal of. Alvan L. Barach. 519
- Dust testing—a comparative study. Lt. Col. John A. Carlston. 154.

## E

- Edward, M. J.; B. Pirofsky and E. J. Bardana, Jr.: Heparin as treatment for bronchospasm of asthma. 108
- Effect of auxiliary air flow on the output characteristics of compressed-air nebulizers. T. T. Mercer, R. F. Goddard and R. L. Flores. 211
- The effects of histamine and pheniramine maleate on the activities of dehydrogenases and acetylcholinesterase in sheep kidney homogenate. K. V. Kesava Rao, and Karumuri S. Swami. 429

# INDEX TO VOLUME 27

- Effects of theophylline-alcohol with potassium iodide in asthmatic patients. Richard L. Etter, Richard H. Jackson and Warren J. Raymer. 70
- Effectiveness of topical nasal decongestants. John T. Connell. 541
- Eisenstadt, William Sawyer and Scott S. Nicholas: The adverse effect of adrenergic aerosols in bronchial asthma. 283
- Eisenstadt, William Sawyer: Some observations on a new syndrome—respiratory medicamentosa. (guest editorial) 188
- Electrolytic lesion of the tuberal region of the hypothalamus, Role of the thyroid hormone system in suppression of anaphylaxis due to. G. Filipp, and B. Mess. 500
- Eosinophilia and basophilia in methimazole neutropenia, Abnormal eosinophils. John T. Connell. 595
- Epidemic asthma: A subject open to research. (guest editorial) Alfred J. Weil. 126
- Epstein, Norman: Theophylline and potassium iodide in the treatment of chronic asthma. 237
- Epstein, Stephan: Hypersensitivity to sodium nitrate: a major causative factor in a case of palindromic rheumatism. 343
- Etter, Richard L.; Richard H. Jackson and Warren J. Raymer: Effects of theophylline-alcohol with potassium iodide in asthmatic patients. 70
- Exercise-induced bronchospasm: evaluation of metaproterenol syrup. R. Michael Sly and Jonette Mayer. 158
- Extraction of ragweed pollen with water organic soluble solvents. II. chemical studies with pyridine and its relationship to alum-pyridine precipitated complex. Daniel H. Goodman, J. Harris and S. Miller. 201

## F

- Familial Hypogammaglobulinemia-A. Bettina C. Hilman, Irwin D. Mandel, Francisco J. Martinez-Tello and Ernest Lieber. 393
- Featherby, Elizabeth A., (London); John Goold; Henry Levison and Tzong-Ruey Weng. Relative sensitivity of methods for measuring airway resistance in asthmatic children. 565
- Ferreria, Manuel; Richard D. Snyder and Platon J. Collipp. Oral glucose tolerance tests and growth hormone assays in children with asthma. 425
- Filipp, Geza and Bela Mess: Role of the adrenocortical system in suppressing anaphylaxis after hypothalamic lesion. 607
- Filipp, G. and B. Mess. Role of the thyroid hormone system in suppression of anaphylaxis due to electrolytic lesion of the tuberal region of the hypothalamus. 500
- Flores, R. L.; Mercer, T. T. and Goddard, R. F.: Effect of auxiliary air flow on the output characteristics of compressed-air nebulizers. 211
- Food—allergic individuals using whole food extract antigens, Histamine release from the leukocytes of. Robert J. Dockhorn. 409
- Food allergy, The role of particulate insoluble substances in. III. Heat labile antibody to wheat starch in sera of wheat sensitive patients. Arthur Lietze. 9
- Food allergy, Use of sublingual antigen in diagnosis and treatment of. (case report) David L. Morris. 289

## G

- Gedge, Stafford W.; David A. Legge; James J. Tiede and Gustavus A. Peters: Death from tension pneumothorax and chlorpromazine cardiorespiratory collapse as separate complications of asthma. 23
- Gerardi, Anthony; Charles J. Popovits; Earl B. Brown and William E. Hemance. Dexamethasone acetate suspension in the treatment of allergic rhinitis. 617
- Gerrard, J. W. and Y. N. Upadhyay: Recurrent pneumonia in Indian children. 218

# INDEX TO VOLUME 27

- Goddard, R. F.; R. L. Flores and T. T. Mercer: Effect of auxiliary air flow on the output characteristics of compressed-air nebulizers. 211
- Goodman, Daniel H.; J. Harris and S. Miller: Extraction of ragweed pollen with water organic soluble solvents. II. Chemical studies with pyridine and its relationship to alum-pyridine precipitated complex. 201
- Goodman, D. H.; J. Harris and S. Miller: Skin test studies with aprotic organic solvent ragweed extracts. 147
- Goold, John; Henry Levison; Tzong-Ruey Weng, and Elizabeth A. Featherby. (London). Relative sensitivity of methods for measuring airway resistance in asthmatic children. 565
- Grater, William C. and Earl B. Brown: Injectable steroids in allergy. 321
- Growth hormone assays in children with asthma, Oral glucose tolerance tests and. Richard D. Snyder, Platon J. Collipp, and Manuel Ferreria. 425
- Guinea pig, Pulmonary effects of nitrous dioxide on the hypertensive. Joaquin C. Ventura and Maria Domaradski. 100

## H

- Hanissian, Aram S.; Lloyd V. Crawford and Jourdan Roane: Antigenic relationship of various house dust antigens. 571
- Hannaway, Paul J.; Vicharn Vithayasai, John S. Hyde and Charles L. Swarts: Therapeutic strategy for children with chronic asthma. 552
- Harris, J.; S. Miller and Daniel H. Goodman: Extraction of ragweed pollen with water organic soluble solvents. II. Chemical studies with pyridine and its relationship to alum-pyridine precipitated complex. 201
- Harris, J.; S. Miller and D. H. Goodman: Skin test studies with aprotic organic solvent ragweed extracts. 147
- Harris, M. Coleman: Man and the biologic avalanche. 30
- Harris, M. Coleman: The moral obligation of an editor. (editorial) 245
- Harris, M. Coleman: The torch is passed. (editorial) 625
- Hartman, Milton M.: Capabilities and limitations of major drug groups in allergy: their role within current theories. 164
- Hayes, Janet V.: Comparison of the Rotoslide and Durham Samplers in a survey of airborne pollen. 575
- Haynes, John T. and Irvin Caplin: Complications of aerosol therapy in asthma. 65
- Heparin as treatment for bronchospasm of asthma. E. J. Bardana, Jr., M. J. Edwards and B. Pirofsky. 108
- Hermance, William E.; Anthony Gerardi; Charles J. Popovits and Earl B. Brown: Dexamethasone acetate suspension in the treatment of allergic rhinitis. 617
- Hilman, Bettina; Irwin D. Mandel; Francisco J. Martinez-Tello and Ernest Lieber: Familial Hypogammaglobulinemia-A. 393
- Histamine Release from the leukocytes of food-allergic individuals using whole food extract antigens. Robert J. Dockhorn. 409
- House dust allergy. (letter to the editor) Harris Hosen. 590
- House dust antigens, Antigenic relationship of various. Aram S. Hanissian, Lloyd V. Crawford, and Jourdan Roane. 571
- House dust, mites and insects. W. F. Mitchell, G. W. Wharton, D. G. Larson and R. Modic. 93
- Human leukocytes, Studies of histamine release from. David A. Levy 511
- Hyde, John S.; Charles L. Swarts; Paul J. Hannaway and Vicharn Vithayasai: Therapeutic strategy for children with chronic asthma. 552
- Hypersensitivity reactions to Christmas tree extracts. Gregory H. Szezyko, Benjamin M. Stout, Jr. and Robert Burrell. 461
- Hypersensitivity to sodium nitrate: a major causative factor in a case of palindromic rheumatism. (case report) Stephan Epstein. 343
- Hypothalamic lesion, Role of the adrenocortical system in suppressing anaphylaxis after. Ceza Filipp and Bela Mess. 607
